

Price List

From 16th September 2021

We are here to help create a bespoke and fitting day of remembrance - however individual your requests are.

A funeral should reflect a person's character, using your ideas, their own requests and incorporating their particular beliefs, passions and hobbies.

The following details demonstrate the most necessary and regular fees incurred in providing a funeral, but there are more services we offer and they differ for each family we care for.

Please see the additional service section of this price list or do ask us for more details.

Professional Fees For An Attended Funeral

Our professional service charge including attention throughout the arrangements of the funeral. All administration fees, including liaising with third parties. Attendance of Grace and four bearers at the funeral, within office hours.*	£1060.00

Cremation Without Attendance

This service is our most basic and therefore the least expensive service we offer. The crematorium, date and time is typically chosen by us and there are no provisions for attending or using the crematorium chapel.

The families who choose this service usually do so if it was the request of the deceased person to cause minimum fuss, if they are planning a memorial service/ceremony at later date, or if financially it is better suited to the funds they have available.

Our service includes – the necessary administration for the cremation, local (15 mile radius) removal of the deceased person within office hours, care of their body in Ringmer until the day of the funeral, a simple and dignified coffin, vehicle and bearers to transport the coffin directly to the crematorium and, if requested, the safe return of their ashes.

Our price for this service is £1680, in addition to this is a fee to the crematorium, for example Woodvale, of £385 and the Medical certificate (if applicable) which is currently £82. ***This would bring the total to £2147*** and we may kindly request full payment before the date of the funeral.

Please feel able to discuss this option and we'll do our best to answer any questions you may have.

It is also possible to offer this service for a burial. Please ask for more information as disbursement costs for burial vary depending on location and if you are a local resident to the churchyard or cemetery.

Please remember that we are here to offer advice, information and support in any way we can, regardless of being chosen to conduct the funeral.

Please call us for further information or visit our website.
